

Circular Merchandiser Supplementary Instructions

Display Bottle Stops

Parts List

#	Qty.	Description
F	24	Display Bottle Stops
*	1	Bag of Nails (75)

F

1.

Begin by placing (1) Display Bottle Stop against the back of the front post of each left and right rack. Make sure it butts up against the bottle rails of the rack (see figure A) and that the bottom of the rack and the Display Bottle Stop are flush (See Figure B). Nail each Display Bottle Stop into the front posts at top, bottom and middle with supplied nails.

Continue assembly with step 1 of main instructions.
