

Celebrating **30** yrs of

"I just wanted to let you know that I am one of those customer service nuts and the treatment I have received from you and your company has surpassed even my high standards. It is a real treat to deal with a company and individuals who truly seem to care about my project (as small as it may be). I know you guys work on gigantic projects, but I have felt like mine was a high priority from day one. Given numerous problems I have had with my builder related to my basement project, your efforts are a welcome relief."

Thanks again,  
Michael J.

"Truly, the wine cellar is a work of art. It was a beautiful job, the installation crew was amazing, courteous, and clean. The two additional paintings we ordered were simply perfect, please give my compliments to the artists." - Mary D. Z.

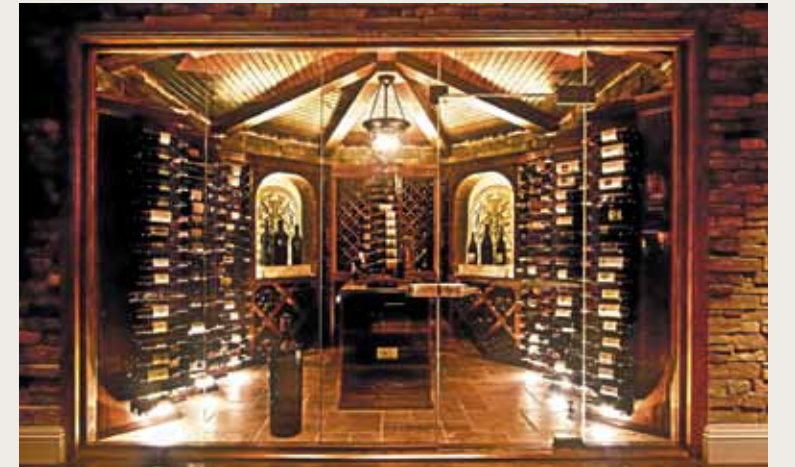

"Thanks again for all of your hard work in the design and installation of the cellar. It's my favorite room in the house! Mike did a great job for us and we have heard that our home may be featured in next year's "Tour of Remodeled Homes" in the Tacoma area. Happy with how it looks! Thanks again." - Don G.

## Custom Refrigerated Wine Cabinets

"I didn't have a basement or room for a walk-in wine cellar - the Wine Sentinel custom wine cabinet was a perfect solution. I have started to fill it up so quickly that now I am wishing I would've planned for more bottle storage! It was obvious from day one that the sales, design, and installation professionals had years of experience in custom projects and their attention to detail and customer satisfaction was second to none. Our design consultant was extremely knowledgeable, and your installer was incredible. What an artist - his attention to detail was amazing! I would recommend your company to anyone considering adding wine storage to their home."

"Just a quick note to tell you how pleased we were with your installation team. They were courteous, efficient and extremely professional, working well with other subcontractors who were on site at the same time. We would certainly request them again for any future installations. He was a definite plus in promoting your company and line of products." - John D.

"I am writing to let you know what a pleasant experience it has been for me to deal with your company. In addition to offering a quality product, your company should pride itself on exceptional customer service. From my initial contact with the company to the completion of the project, Wine Cellar Innovations service was exemplary. When my initial estimate was over budget they found a way to make it work. They patiently answered my many questions and educated me on an area in which I had no knowledge. They were always available for advice and if my question could not be immediately answered I was quickly put in touch with a technical representative who could. I've already referred two friends to Wine Cellar Innovations and will continue to do so." - Richard M.

### Depth Comparison

Our Vintner & Designer Series racks are the deepest racks in the industry at 13 1/2". This allows for full support neck to base of all standard sized wine bottles. Our Value series racking lines, WineMaker & Traditional, that are less than 12" deep offer secure wall mounting brackets, and offer the largest display trays for comparable racks in that depth range. (see image below)

## free design services Any Size. Any Budget.

Finding the perfect place to store your wine can be anywhere from a small wine cellar closet to the largest wine room. Request a free wine cellar consultation and receive wine cellar design room plans to start the process on your new construction.

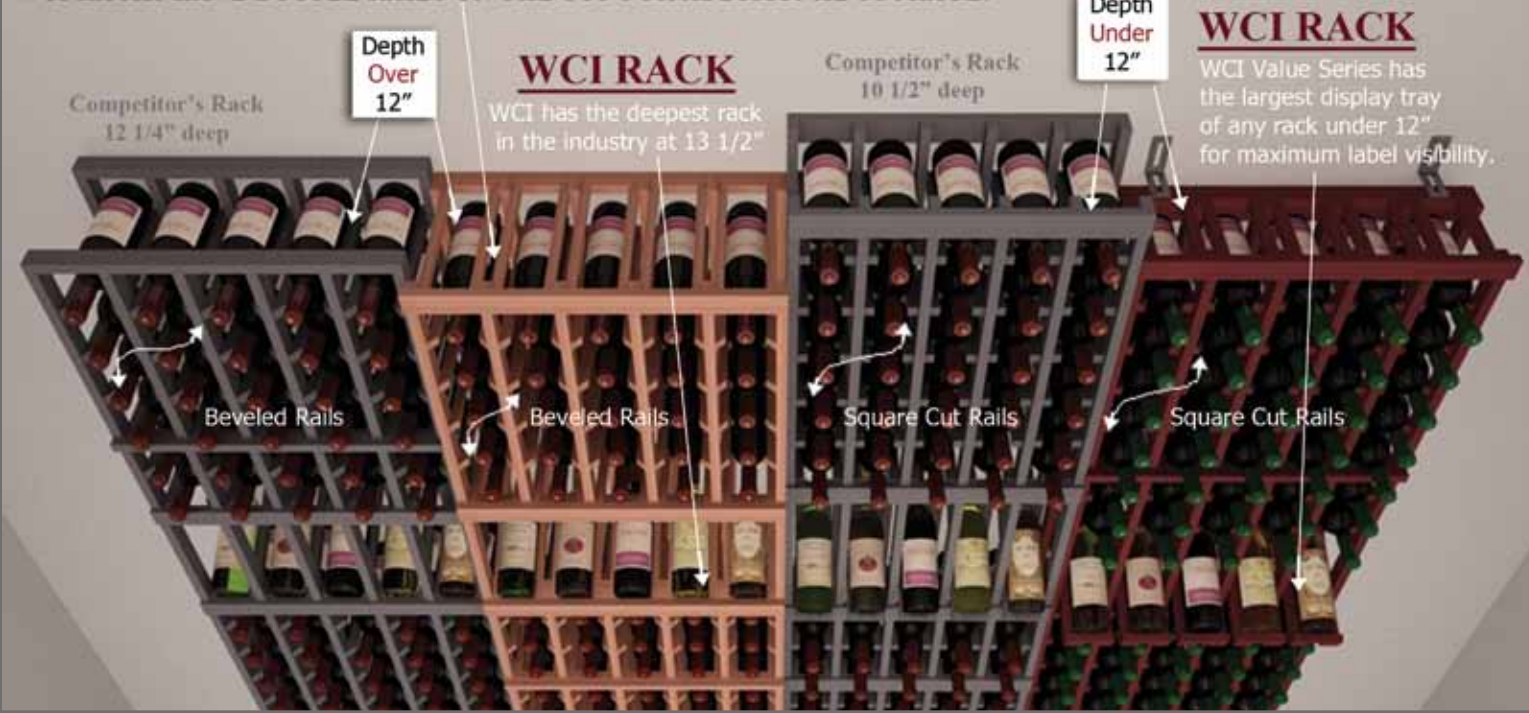

## solid wood Racking Construction

Our wine racks are built to last by using solid wood, edge glued construction, not MDF with strip edging and paper thin veneer.

## our guarantee WCI Warranty

Wine Cellar Innovations warrants its wine racking to be free from defects due to workmanship or material under normal use and service, for the lifetime that the owner remains in the residence. If the product is defective due to workmanship or materials, Wine Cellar Innovations will, at its option, repair or replace the product free of charge. Any mechanical components utilized in the wine cellar, such as hinges or magnetic catches will have a one (1) year warranty.
