### Cigar Humidors

01/07/2006

CINCINNATI—Jan. 10, 2006—Prized cigar collections often aren't treated that way. With Wine Cellar Innovations' new custom cigar humidors, however, valued cigars can receive proper storage in a humidor that's an eye-catching element of a room's design, complete with glass door, lock, and key.

For sizeable collections, WCI now offers custom-designed, walk-in humidors, complete with environmental controls. The humidors come in all-heart redwood, but are available in other species. Angled shelves attractively display cherished cigar boxes or individual cigars. A pullout shelf stores additional loose cigars or accessories. Other options include custom sizes and doors with clear or etched glass. Brass cam lock is standard.

In existing wine cellars, the enclosed humidor cabinet can be built into cellar shelving, matching the surrounding racks and shelves. Temperature and humidity will mirror those of the wine cellar.
