New Wine Cellar Decor Offerings

02/07/2007

CINCINNATI—Feb. 7, 2007—Wine Cellar Innovations continues to offer more artistic options to allow customers to personalize their wine cellars. Cellar art is one of the fastest growing product categories in the company, and Wine Cellar Innovations continues to find new products to keep up with the demand.

Mosaic art offers a beautiful alternative to murals or frescoes. This art form can be used for wall art, tabletops, or flooring. These mosaics are created entirely by hand with antique fine china, stained glass, smalti glass, and porcelain tiles. The materials are broken into small pieces and arranged into a scene, which is grouted to mason board and

coated with a protective glaze. Also available are cabinet frames to showcase wall mosaics.

Wine Cellar Innovations is also expanding its popular line of paintings. Twenty-seven new paintings have been added to the standard painting line, increasing the chances for customers to find their ideal painting without paying custom prices or waiting on custom lead times. These paintings have been incorporated into Wine Cellar Innovations' existing painting categories.

Pricing and lead times vary based on the semi-customized nature of these products, and can be obtained at the time a quote is requested. For more information on these exciting art options and Wine Cellar Innovations' additional products, visit their website at www.winecellarinnovations.com or call 800.229.9813.

About Wine Cellar Innovations

Wine Cellar Innovations is the industry leader in the design and production of custom wine racks and wine cellars, and has been for over 20 years. The company is located in Cincinnati, Ohio and employs sales representatives all over the country to provide customers with local service and exceptional quality. Their **wine racks** and wine storage solutions have been purchased and installed worldwide.
