Stack the assembled rack into its corresponding rack. Then use a 1 3/4" #6 screw from the back of the front post of the Addon rack onto the Top Trim of the 6ft DKS Rack. Apply on end posts.

NOTE:
If there are 2 racks being stacked into one rack, secure them on the locations below. Nails or screws can be used.

*Image is for reference only. Actual rack may vary.*

Final Step

Secure rack to wall by attaching wall brackets to top back spacer bar. You will have 1 bracket on the left and 1 on the right.

RACK ASSEMBLY IS NOW COMPLETE.
Always remove bottles before moving racks.
